AFFIRMATIVE DEFENSES

NOW COMES the above-named defendant, Jetson Electric Bikes, LLC, by its attorneys, and as and for its Affirmative Defenses to Plaintiffs Complaint, states as follows:

1. The alleged injuries and damages sustained by plaintiff were caused, in whole or in part, by the negligent acts and/or omissions of a third party or parties over whom Jetson Electric Bikes, LLC had neither control, nor the right to control including but not limited to, the acts and/or omissions of other parties or defendants. To the extent this defendant is found liable for damages allegedly sustained by the plaintiff and any other party is found to have any liability, the liability of all culpable parties shall be apportioned and compared consistent with Wyoming law.

2. Any recovery by plaintiff must be reduced or barred according to the principles of comparative/contributory fault as provided for by Wyo. Stat. Ann. § 1-1-109, including for the negligence of plaintiffs in failing to take necessary precautions in securing the “smoking shed” outside their residence.

3. Any negligence by this defendant, which is expressly denied, is not the legal cause of plaintiffs injuries and damages because the fire was caused by an independent, intervening, and superseding cause, including the act of the parties as discussed above, that was a new and independent event and that was not reasonably foreseeable.

4. Plaintiffs claims, in whole or in part, fail to state a claim upon which relief can be granted.

5. Upon information and belief, any damages that may have been sustained by plaintiffs were caused directly and proximately by plaintiffs’ failure to exercise ordinary care at the time of and prior to the events involved herein.

6. Upon information and belief plaintiffs may have failed to join certain necessary third-parties indispensable to this action.

7. Upon information and belief, plaintiffs may have failed to take certain reasonable and practical steps to mitigate any damages that may have been sustained as a result of the events referred to in the complaint.

8. Upon information and belief, plaintiffs' claims may be barred, in whole or in part, on the grounds of public policy.

9. Upon information and belief, plaintiffs' claims are barred, in whole or in part, because plaintiff may have knowingly and voluntarily assumed the risks of injury associated with the use of a smoking shed at their residence.

10. For further answer and affirmative defense, defendant states that in the event that defendant is found liable to the plaintiffs, which defendant denies, then defendant is entitled to have the negligence and fault of those third-parties over whom this defendant had no right or duty to control which caused or contributed to cause plaintiffs' damages considered by the jury, and the liability of this defendant, if any reduced proportionately as provided for by Wyo. Stat. Ann. § 1-1-109.

11. For further answer and affirmative defense, and pleading in the alternative, defendant states that plaintiffs' claims may be barred to the extent that any product at issue in this lawsuit was altered or modified after leaving the possession of this defendant or any other potential defendant's possession.

12. Defendant reserves the right to assert additional affirmative defenses as may become known through the course of discovery.

13. Defendant invokes and incorporates by reference any and all affirmative defenses listed by any other defendant or third-party defendants, whether now named or subsequently brought into this action.

14. Defendant herein incorporates by reference all defenses contained in Wyo. R. Civ. P. 8(c)(1).

WHEREFORE, this answering defendant demands judgment as follows:

- A. Dismissing the complaint of the plaintiffs on the merits, together with its taxable costs and disbursements herein; and
- B. For such other and further relief as the Court might deem just and equitable.
